

ژنتیک و تنوع ژنی

- Characterization of Genetic Polymorphism of the Bovine Lymphocyte Antigen DRB3.2 Locus in Sistani Cattle of Iran (*Bos indicus*). *Biotechnology*. 7(2): 333-337
- Association of SNP in the exonII of leptin gene with milk and reproduction traits in Holstein Iranian cows. *Biotechnology*. 7(2): 347-350
- The diversity of leptin gene in Iranian native, Holstein and Brown Swiss Cattle. *African Journal of Biotechnology*; 7 (15): 2685-2687
- The comparisons of Bovine Lymphocyte Antigen DRB3.2 Allele frequencies between two subpopulations of Iranian Holstein Cattle. *African Journal of Biotechnology*; 7 (15): 2671-2675

ژنتیک و تنوع ژنی

- ژنتیک تنوع ژنی در منطقه Loop-D در گاوهای ایرانی. *فصلنامه علمی و تخصصی ژنتیک و تکامل* 13(1): 1-10
